Matrix Expands into Baton Rouge, Louisiana

Matrix New World Engineering, Inc. (Matrix) has announced the opening of a new office located at 4451 Bluebonnet Blvd., Suite F, Baton Rouge, LA.

.....
East Hanover, NJ - October 4, 2011

Matrix New World Engineering, Inc. (Matrix) has announced the opening of a new office located at 4451 Bluebonnet Blvd., Suite F, Baton Rouge, LA.

According to Senior Vice President Dennis Petrocelli, PG, "The addition of these world class environmental staff helps us achieve two very specific goals of this year - one being the establishment of a formal base of operations in the Gulf so we can expand upon the opportunities presented to us as a result of the BP spill work and also the continued strategic expansion of the firm geographically".

This new office will open a base of operations in the Gulf for the firm. Four new outstanding Matrix employees were hired to staff the office. Each brings key business relationships from years of working in the Gulf coast states.

As stated by Kenneth Romero, PG, Director of Gulf Coast Operations, "We are excited to join a client focused firm like Matrix New World Engineering and look forward to delivering consistent quality Environmental Consulting & Engineering services to clients located in the Gulf Coast."

Formed in 1990, Matrix is a leading woman-owned full-service engineering and environmental services firm. Matrix is working on a wide range of infrastructure, building and environmental projects for public and private-sector clients throughout the United States. The East Hanover, NJ-based company has offices in the Northeast as well as Alabama and Arizona.

Matrix is proud NJBIZ named the firm the 2010 Business of the Year and Jayne Warne, PE, our President as one of the 2011 "Best Fifty Women in Business." For more information on the firm, visit www.matrixnewworld.com or contact Dennis Petrocelli, PG at dpetrocelli@matrixnewworld.com.
